Re: BOIL WATER ADVISORY ISSUED TO SWAN LAKE WATER SYSTEM

Dear Shannon Gaultier:

Drinking Water Officer, Shea Kennedy has advised me that the Swan Lake water system has met all conditions for rescinding the boil water advisory and that bacteriological testing results meet regulatory standards.

I am therefore rescinding the boil water advisory that was placed on the Swan Lake water system on September 14, 2026.

Please ensure all water users are notified that the advisory has been rescinded and that normal water usage can be resumed. A copy of this letter can be provided as notification. Notices posted in public locations such as washrooms are to be removed.

Should you have any questions, please contact Shea Kennedy, Regional Drinking Water Officer at 204-901-4947.

Sincerely,

Dr. Davinder Singh
Medical Officer of Health
Southern Health – Santé Sud
